

Resilience-Building
Leader Program™

Building Resilient Teams

Attain an industry recognized leadership credential with the **Resilience-Building Leader Program™** (RBLP). Building and leading resilient teams that can work together in a challenging environment is a core competency for military leaders.

RBLP contributes to your personal and professional career development by:

Improved opportunities for selection and advancement

Increased capacity for teams to solve problems and overcome adversity

Higher morale and better teamwork

Increased professional trust from employers and the public

Certification preparation and exams are conducted **100% on-line**. Instructors will coordinate the **1-on-1 training sessions** that are convenient to you no matter where you are stationed globally.

Get certified in Building Resilient Teams. Overcome, Adapt, Grow.

RBLP is approved for Coast Guard Credentialing Opportunities On-Line (COOL). Check with COOL to determine eligibility. The cost of training is covered for Coast Guard personnel by our FY21 Sea Services Scholarship, while funding lasts.
