

Resilience-Building
Leader Program

Become An Authorized Training Partner

Expand your training portfolio by offering exam prep training for the **Resilience-Building Leadership Professional™ (RBLP)** series of leadership certifications.

Authorized Training Partners develop and teach exam prep courses that prepare students for the RBLP, RBLP-C, and RBLP-T certification exams. They may provide training in-person, at distance, individually, or in groups.

Our Authorized Training Partner (ATP) support team is dedicated to helping your training business succeed and grow.

Our ATP onboarding program sets you up for success by ensuring that your team thoroughly understands our certification policies, processes, and procedures.

We promote the ATP program through our marketing initiatives and can provide qualified leads in specific geographies or market sectors.

Our ATP train-the-trainer program ensures that your instructors are well-prepared to provide exam prep training for the RBLP, RBLP-C, and RBLP-T certification exams.

Our ATP support team provides periodic performance reviews and can assist your team with curriculum design, development, implementation, and evaluation.

If you and your organization are ready to join us in growing our worldwide community of practice, we'd love to hear from you! Contact **Mark Holman**, VP of Partnerships at mark.holman@resiliencebuildingleader.com for more information on how to become an Authorized Training Partner with RBLP.
